## Massachusetts Veteran Housing Programs

### Public Assistance

Under Chapter 115 of Massachusetts General Laws, the Commonwealth provides a uniform program of financial and medical assistance for indigent veterans and their dependents.

Qualifying veterans and their dependents receive necessary financial assistance for food, shelter, clothing, housing supplies, and medical care in accordance with a formula which takes into account the number of dependants and income from all sources. Eligible dependents of deceased veterans are provided with the same benefits as they would were the veteran still living.

### Homeless shelters, transitional housing, and supportive housing with services

The Department of Veterans' Services provides some funding to a range of non-profit organizations, which provide housing services to eligible veterans. Housing services range from emergency homeless shelters, group residences, to single occupancy (SRO) quarters. All require that residents maintain a sober and drug-free environment. Services are available to both male and female veterans.

### DVS-Supported Permanent Housing

The state of Massachusetts maintains permanent housing units for veterans in Worcester, New Bedford, Bedford, and 2 locations in Gardner. These locations offer affordable rental housing for honorably disabled veterans in private rooms. Soldiers' Homes

To be eligible, a veteran must also be a legal resident of Massachusetts and he/she must not be in default of any federal student loans.

Veterans will be eligible on a space-available basis for a waiver of full or partial tuition based on proper documentation of the eligibility of the veteran. **Massachusetts Public Service Grant Program:**

The Massachusetts Public Service Grant Program was established in recognition of the hardship that a family experiences upon the loss of a parent and or spouse who is killed or missing in the line of public service duty in the Commonwealth of Massachusetts. This grant program was established to provide educational opportunity to the remaining family members. The Public Service Grant Program is the only scholarship program not based on demonstrated financial need, but rather entitlement.

**Deployed Troops Get Break on Student Loans:**

Service members who have been deployed or mobilized are not required to make certain student loan payments during their absences. This applies to members of the National Guard and Ready Reserves who have been called to active duty, as well as to active duty members who duty station has been changed as a result of a military mobilization. The regulations apply to students loans made under the Federal Family Education Loan, William D. Ford Federal Direct Loan and Federal Perkins Loan programs. Active duty members who have not begun the repayment period on their loans should continue to receive a grace period (generally six months) before repaying their loans. Students who were in school at the time of mobilization must also be given a reasonable period to resume school before lenders request payments.

## **Upward Bound Program**

The Veterans Upward Bound (VUB) Program at the University of Massachusetts Boston provides a unique opportunity for veterans of all ages to gain access to information about college and career awareness, acquire the academic skills required for entry into higher education and/or to acquire the equivalent of a high school diploma. Services are offered continuously with various workshops, self-paced computer tutorials, individualized tutoring and classroom-based instruction. ## **Special Commission to Study Higher Education Tuition & Fee Waivers for Veterans**

In November 2005, the Legislature enacted "The Welcome Home Bill," an act providing benefits to servicemembers, veterans, and their families. The new law provides for many benefits including a waiver of tuition and fees for all members of the Massachusetts National Guard who chose to attend state institutions of higher education. Section 12 of the "The Welcome Home Bill" also created a Special Commission to "study tuition and fee waiver programs for veterans."

## **Massachusetts Recently-Returned Combat Veterans**

### **Welcome Home Bonus**

You are eligible if you meet the following criteria: six months domicile in Massachusetts immediately prior to entry into the armed forces service, beginning September 11, 2001, and discharge under honorable conditions.

- Servicemembers who served active duty in Iraq or Afghanistan receive \$1000.

### **Civil Service and Veterans' Preference**

If you are a Massachusetts veteran, as defined in the Introduction above, you are entitled to veterans' preference in civil service exams. If you attain a score of 70% or higher, you are entitled to go to the top of the exam list, with disabled veterans having top priority. If you apply for a promotional exam, you get two points added to your score. If you apply for a civil service job for which there is no exam, you are entitled to veterans' preference in a "provisional appointment." If you apply for a position in the labor force, you are not required to take an exam and you go to the top of the list.

### **Financial and Civil Protections**

You have certain financial and civil protections under both federal and state versions of the Soldiers and Sailors Civil Relief Act. These protections occur when you enter military service, and when you are called up for active duty as a member of the Reserve or Guard. Under this law, your protection begins on the date you *enter* active service, or the date your orders *begin*, and generally terminates within 30 to 180 days after the date of your discharge depending on the right. To receive some of the protections, you have to be prepared to show that military service has had a "material effect" on the legal or financial matter involved.

### **Employment Opportunities**

There are numerous federal and state programs available to you if you are seeking employment. VOICE, or Veterans' Outreach Initiative for Competitive Employment, located at the Massachusetts Department of Veterans' Services is a good place to start your search, because they can put you in touch with the various federal and state vocational rehabilitation, career counseling, and job network services located within the Commonwealth.

## **Education**

If you are a veteran, as defined in the Introduction, Massachusetts provides you a full or partial tuition waiver for any state-supported course in an undergraduate degree program or certificate program at the school's discretion. These waivers are also referred to as "categorical waivers." Call the college or university where you are interested in enrolling and identify yourself as a veteran looking to use the tuition waiver benefit and ask for the veterans' representative. As to tuition waivers for graduate school, it depends on the institution. If you are a member of the Guard, see below for additional tuition waiver benefits.

If you are a member of the Massachusetts Air or Army National Guard you may take advantage of several programs that will allow you to waive tuition at state schools in Massachusetts. The Massachusetts National Guard Education Assistance Program provides a 100% tuition and fee waiver for Massachusetts National Guard soldiers attending a state college, university, or community college program. The fee waiver program is a result of the Welcome Home Bill (HB 4469) signed on November 11, 2005. The fee waiver is not effective until July 2006 and is not retroactive. Generally, these state-supported programs are offered during the day as part of a degree program. Your assistance can continue as long as you are in good standing academically and until you have reached 130 semester hours. Please contact the college or university veteran's representative for details about this program.

Qualifying Guard members can take advantage of another educational program called Federal Tuition Assistance (FTA). The FTA offers \$4,500 per fiscal year to be used at regionally or nationally accredited, public or private colleges, universities, vocational, technical, or trade schools located inside or outside the Commonwealth of Massachusetts. The FTA can offer soldiers up to \$250 per semester hour for tuition and up to 100% of fees that are charged to all students for enrollment purposes or fees directly related to the instruction of the course. Yes! This means that you can also get help paying for fees at Massachusetts state colleges and universities.

## **Housing**

When you return from active duty, we hope that you know where you will live. Unfortunately some veterans may have lost their housing and are having trouble finding a place to live or having trouble paying the rent or mortgage. The information included below may help you solve your housing problems. If you are having any of these troubles, immediately call or visit the Veterans' Agent in the community where you live or want to live.

The first place to visit is your local Veterans' Agent in the community where you live or want to live. There are also nine state-funded Outreach Centers in every region of the state, which provide help to veterans who are searching for housing. Some Outreach Centers also provide supportive housing for homeless veterans. The VA Medical Centers in Bedford, Boston, Brockton, and Springfield have Homeless Coordinators who can help. Women veterans who are homeless or at-risk for homelessness can get help from the VA Boston's Homeless Women Veterans Outreach and Case Management Program.

## **Your Local Veterans' Agent**

The best place for you to go for help with other questions is to your local Veterans' Agent, who works out of your local City or Town Hall. The Veterans' Agent's job is to help veterans learn about, apply for, and in some cases, receive benefits. Veterans' Agents are knowledgeable about an array of federal, state, and local benefits to which you may be entitled. Your Agent can help you fill out application forms for the benefits listed in this booklet.
