## Open Letter Regarding Immigration-11-04-14:

Message sent to the following recipients:

Senator Boxer

Senator Feinstein

Representative Calvert

President Obama

Message text follows:

Dear Congressman Calvert:

You seem like an intelligent person, far more than either of our Senators are here in California.

Maybe you can answer me why?

Why we're continuing to allow the invasion of our Country by illegal aliens and no I cannot and will not call them undocumented workers, that would imply they are here legally and they aren't.

Clearly they have no respect for our Country, our Laws, our Way of life yet Democrats will continue to say they will work jobs American's won't.

Well if they weren't here, then American companies would be forced to pay decent wages and provide healthcare, but allowing this to continue is only placing a very heavy burden on our country and all her Citizens.

They collect welfare, HUD Assistance, Food Stamps, Medical Care, Education, and more, and who is footing the bill, WE THE PEOPLE are!

I for one am sick of this crap.

I was working a damn good job, was only a few months off from being promoted to VP of Finance when the corporate President flew in and in his speech to our division told us back in 2008 IF Obama wins, there will be massive lay offs. Well guess what, I was one of the first 450 people laid off.

Now if I could find a job, I would be making ¼ of what I was making back in 2008 as the job market changed from an Employee Market to an Employer Market and has remained there ever since.

Thankfully I work independent now so I have an income, but I still have to pay taxes, and my tax dollars are going to support the illegal aliens, allow the crossing of our borders by not just illegals, but extremists and terrorists.

We're now being invaded by Muslims, and now they too are demanding special treatment which I find completely inexcusable.

It's bad enough we have "Press 1" for English, but we now have all state and federal pamphlets printed in multiple languages.

We've had president after president demand amnesty and immigration reform. Amnesty is proven to never ever have worked, and immigration reform to me personally is out of the question.

Our laws are not broken, they do not need to be re-worked and the reason for that is another proven track record where members of Congress rush to fix something only to leave a boat load of loopholes.

Simply round up, finger print, photograph, collect DNA, and return them all to their original country and forbid them entrance into the USA for life.

What has happened to looking out for Americans First? Seems like that's a non existent concept!

We can send billions of dollars in aid to foreign countries, and especially countries who hate and don't support us, but we can't take care of our own Veterans, Seniors, Handicapped and children.

Congress needs to start looking at our finances as if they were taking care of their own families. Just because the money doesn't belong to you personally, does not mean you can be totally irresponsible with it and give it away.

Sincerely,

Jim Davis
