Open Letter Regarding Regarding Illegal Immigration-09-07-14

Message sent to the following recipients:

Senator Feinstein
Representative Calvert
President Obama

Message text follows:

Dear Senators Feinstein, Boxer, Congressman Calvert, and Mr. Obama

Congressman Calvert, while I sincerely appreciate you addressing directly the concerns I have over our Illegal Immigration, I must say I am very sorely disappointed in all our elected members of Congress.

First we had a law passed quite some time ago where we were to get a wall, not a fence, and was to cover the entire Mexico/USA border. Some how the funding vanished and what we got was a lousey 500 miles of chain link fence which wouldn't stop an animal, let alone illegals crossing into the United States.

What should be done is build a 50 ft. high by 3 ft. thick CEMENT WALL, and place gun turrets every 1,500 ft. and man those turrets with armed National Guard. Nothing less will be acceptable, nor will it work unless we show we truly mean business.

And although it's not realistic to do, when the illegals approach the wall, fire a warning shot over their heads, and if that doesn't deter them, then shoot to kill. That Sir, would be protecting our borders! Not the mamby, pamby approach our POTUS or Congress has!

Our laws are not broken, simply not enforced, mostly due to our current POTUS and his flagrant violation of law.

We do NOT need more immigration judges, if they entered illegally, it should not and does not matter why or how, deport immediately back to their country of origin, again nothing less is acceptable. And it's an insult to those who follow the rules and laws of our Country and do the appropriate applications and processes as prescribed by law.

Our country is being over-run by illegals from all countries and allowing terrorists free access into the USA, and I can guarantee you if you thought 9/11 was bad, that day is coming again very soon and it more likely than not will be ten fold worse, mostly because our over-grown government can't seem to pull their collective heads out of their proverbial asses long enough to resolve, address and correct the problems!

I hate to come across as rude, but it seems it's the only way our "Elected Officials" pay attention to what is being asked for, demanded, and never addressed.

If you truly want to assist our Border Patrol, not only must you send out the National Guard, but pass laws preventing the POTUS from directing any other agency to "Release as many as possible!" This and decisions like this should come from Congress, not via the swipe of a Pen in the office of POTUS!

So please explain to me why Democrats want the illegals here? My best guess is to gain ILLEGAL votes at re-election time. If these illegals were to vote Republican, I could almost guarantee you members of Congress would act immediately to resolve the problem. Absolutely no doubt in my mind!

And I would seriously like to see written into our laws that any person or persons entering or attempting to enter the USA illegally be banned for life from ever entering the USA!

Do you Sir, now take me seriously? Do you take your constituents Seriously? We've all had enough!

We're sick and tired of being forced to pay welfare, food stamps, housing subsidy, education and healthcare for those who can't follow the laws!

I seriously expect our elected officials who work for WE THE PEOPLE to get in their heads they work for us, we do NOT work for you and to take this task serious, and effect a no amnesty policy, with the exception of safety when it comes to life due to threat.

Respectfully,
Jim Davis
