Agent Orange Birth Defects & Health Issues Reported By Children If Vietnam Veterans

AGENT ORANGE, CHILDREN OF VIETNAM VETERANS, SECOND GENERATION, SON OF VIETNAM VETERAN, DAUGHTER OF VIETNAM VETERAN, CHILD OF VIETNAM VETERAN BIRTH DEFECTS, VIETNAM VETERANS OFF SPRING, SECOND GENERATION AGENT ORANGE, AGENT ORANGE DIOXIN BIRTH DEFECTS, CHILDREN OF VIETNAM VETERANS ILLNESSES, LIST OF AGENT ORANGE ILLNESSES

You have been directed to this page most likely because you typed in one of the search terms above. We have compiled a list of 796 reported illnesses that the biological Children of Vietnam Veterans are suffering from to try and find common threads. There have been no official claims that anything on this list has been proven to be caused by Agent Orange/Dioxin unless otherwise noted in the information below. Other reports indicate that there are up to 30 years of illnesses and conditions being collected that we suffer from as the second generation. While many of us are born with these problems, our members that participated in this list are generally between the ages of 20-45 both male and female, often with no prior family history. If you are suffering from any illness not listed, please email us at COVVHA@GMAIL.COM. This list has been updated as of July 22, 2013. Please click on the page "[JOIN OUR SITE](#)" to become an email subscriber. You will then receive notifications when databases for 2ND GENERATION, 3RD GENERATION, and VETERANS HEALTH have been updated as well as any new articles that are published. Please be sure to check your email after subscribing for your confirmation completion.
