Agreement with Air Force: Three (3) active duty volunteers with known heavy exposure be included for fat biopsy and follow-up. Travel fund citation and invitational orders to be provided by VACO R & D. To be scheduled at VA Hines week of March 19-23 if committee approvals pass.

Dr. Gross fat assay laboratory is ready for specimens.

Hospitals will send specimens without identification of patient as study or control.

At one participating hospital a potential volunteer has indicated legal advice not to participate in the fat assay study for fear of jeopardizing his own opportunity for compensation, and the class action suit pending against herbicide manufacturers.
