EXECUTIVE OFFICE OF THE PRESIDENT
OFFICE OF SCIENCE AND TECHNOLOGY POLICY

WASHINGTON, D.C. 20500

January 23, 1984

Dear John:

I was pleased to hear that you and Dr. John Matthews will serve as the advance party for a formal visit by the Royal Commissioner. Accordingly, I have prepared, in cooperation with Dr. Barclay Shepard, Veterans Administration, a proposed itinerary (attached).

The proposed itinerary consists of a tightly scheduled series of briefings and meetings designed to cover the spectrum of interests of those of the Royal Commission. Hence, I have scheduled meetings with scientists, key agency personnel, veteran groups and government coordinating groups. I have taken the liberty of suggesting that you and Dr. Matthews would be willing to speak to the Agent Orange Working Group and the VA Advisory Committee about the tasks of the Commission in general (you), and the research agenda (Dr. Matthews).

If this agenda is acceptable, I will formalize a time schedule. I have been in touch with Mr. Peter Shannon, First Secretary, Australian Embassy, regarding this itinerary.

I look forward to seeing you both in late February.

Sincerely,

Alvin L. Young
LT COL, USAF, Ph.D.
Senior Policy Analyst
