Dear Al:

Your bibliography on Cacodylic Acid was very helpful. We found 203 citations which we didn't have in our files. We will try to get the hard copy of these papers through our Agency search mechanism.

I hope we can call on you for copies of any that can't be located by EPA.

Attached is a listing of papers in our file which aren't on your list. Let us know if you have trouble finding any of them.

Thank you again .
