MEMORANDUM FOR AOWG SCIENCE SUBPANEL ON EXPOSURE ASSESSMENT

FROM:

Al Young
AL YOUNG

SUBJECT:

Recap of Action from 19 May 1986

1. I have asked each of you to write down your conclusions so that at our meeting next Tuesday morning, 9:30 a.m., 27 May 1986 (NEOB/Rm 5026), we can arrive at acceptable wording on the final report. Each of you should carefully review the draft that Carl Keller prepared.
2. The format of the report will be as follows:
 - Cover Letter to the ASH
 - Findings, Conclusions and Recommendations of the Subpanel
 - Appendix I (Pilot Study - Christian/Keller)
 - Appendix II (Assessment by General Murray)
 - Appendix III (Modeling Report - Bricker)
 - Appendix IV (Summary of Epidemiology - Fingerhut)
 - Appendix V (Dioxin in Human Tissue - Fingerhut)
 - Appendix VI (Risk Assessment and Exposure Scenarios - Barnes/Kang)
3. My thanks to all of you for your superb efforts.
