No. 558-96
September 27, 1996

CONTRACTS

DEFENSE LOGISTICS AGENCY

Tennessee Wholesale Drug Co.*, Nashville, Tennessee, is being awarded a \$5,521,917 firm fixed price indefinite quantity contract for pharmaceuticals. Seventy four proposals were solicited and four were received. Work is expected to be completed by December 26, 1997. Funds will not expire at the end of the fiscal year. The Defense Personnel Support Center, Philadelphia, Pennsylvania, is the contracting activity (SP0200- 96-D-7019).

ARMY

Lockheed Martin Defense Systems, Pittsfield, Massachusetts, is being awarded a \$16,680,308 firm fixed price contract for 540 - 3 modification kits (transmission) for the Bradley Fighting Vehicle System. Work will be performed in Pittsfield, Massachusetts, and is expected to be completed by December 31, 1997. Contract funds will not expire at the end of the current fiscal year. This is a sole source contract initiated on June 20, 1996. The contracting activity is the U.S. Army Tank- Automotive & Armaments Command, Warren, Michigan (DAAE07-96-C- T557).

Stone & Webster Engineering Corporation, Englewood, Colorado, is being awarded an \$8,426,366 cost reimbursable contract to perform interim remedial action at landfills number 6 and 7. Work will be performed at Fort Sheridan, Illinois, and is expected to be completed by October 31, 2002. Contract funds will not expire at the end of the current fiscal year. This is a sole source contract initiated on August 26, 1996. The contracting activity is the U.S. Army Corps of Engineers, Louisville, Kentucky (DACA45-96-D-0007).

USA Asbestos Removal Company, Incorporated*, Clifton, New Jersey, is being awarded \$98,000 of a \$14,700,000 (includes 2 option years) indefinite delivery type/firm fixed price contract for the demolition of buildings. Work will be performed in and around Fort Hood, Killeen, Texas, and is expected to be completed by September 26, 1999. Contract funds will not

expire at the end of the current fiscal year. There were 164 bids solicited on August 9, 1996, and seven bids received. The contracting activity is the U.S. Army Corps of Engineers, Ft. Worth, Texas (DACA63-96-D-0050).

Templeton Construction Company*, San Angelo, Texas, is being awarded a \$6,006,373 increment as part of a \$6,153,273 (base plus 17 options) firm fixed price contract for renovation of ADAL dormitory buildings 6125 and 6136. The project involves the complete interior renovation of 2 three-story, 25,000 square foot dormitories to comply with the new Air Force 1+1 standard. These structures will house approximately 144 personnel in 72 suites. Each suite will include 2 bedrooms, kitchen, and bathroom. The existing buildings have

concrete foundations and structural masonry walls, with exterior brick finish. Site amenities include basketball and volleyball courts. Hazardous materials abatement of asbestos, lead-based paint, mercury, PCB and CFC is required. New balconies will be required for both buildings. Work will be performed at Dyess Air Force Base, Texas, and is expected to be completed by June 30, 1997. Contract funds will not expire at the end of the current fiscal year. There were 15 bids solicited on July 2, 1996, and four bids received. The contracting activity is the U.S. Army Corps of Engineers, Ft. Worth, Texas (DACA63-96-C-0064).

Trimble Navigation Limited, Austin, Texas, is being awarded \$12,881,764 of an estimated cumulative total \$13,361,764 firm fixed price and time and materials contract for 785 Global Positioning Systems (GPS). The Cargo Utility GPS Receiver (CUGR) is a self contained, lightweight standalone GPS receiver for the Army UH-1 helicopter fleet. This acquisition meets the Congressional mandate to equip all aircraft (UH-1) with GPS capability by the year 2000. Work will be performed in Austin, Texas, and is expected to be completed by April 30, 1998. Contract funds will not expire at the end of the current fiscal year. There was an announcement on the electronic bulletin board March 6, 1996, and one bid was received. The contracting activity is the U.S. Army Communications & Electronics Command, Fort Monmouth, New Jersey (DAAB07-96-C-A780).

Science Applications International Corporation, TSC, Pacific Technology Services, San Diego, California, is being awarded a \$5,051,991 increment as part of a \$12,072,817 cost plus fixed fee contract for technology support services. Work will be performed in Frederick, Maryland (98%), McLean, Virginia (1%), and San Diego, California (1%), and is expected to be completed by September 26, 2001. Contract funds will not expire at the end of the current fiscal year. There were 85 bids solicited on June 24, 1996, and three bids were received. The contracting activity is the U.S. Army Medical Research Acquisition Activity, Fort Detrick, Maryland (DAMD17-96-C-6131).

Fenn Manufacturing Company, Newington, Connecticut, is being awarded a \$10,556,480 firm fixed price contract for 1,760 housing assemblies, part of the main rotor head on the Apache helicopter. Work will be performed in Newington, Connecticut, and is expected to be completed by May 31, 1998. Contract funds will not expire at the end of the current fiscal year. This is a

sole source contract initiated on May 13, 1996. The contracting activity is the U.S. Army Aviation & Troop Command, St. Louis, Missouri (DAAJ09-96-C-0392).

ECI Construction, Incorporated*, Shawnee Mission, Kansas, is being awarded a \$5,221,432 firm fixed price contract for construction of a three-story, 145,300 square foot - 48 person barracks and adjacent 13,800 square foot single-story and basement, Soldier Community Building. Foundations will be pier and grade beam with structurally supported slabs. Roofs will be composition shingle with an option for standing seam metal. Heating and air conditioning will utilize a central chiller and boiler with a 4-pipe system. Variable air volume will be used in the community building and individual fan coil units will be used in the barracks. The barracks include living/sleeping rooms, private bath, walk-in closets, built-in desks and shelving, and service areas. An intrusion detection system is required. Supporting facilities include electric service, fire protection and alarm systems, paving, walks, curbs and gutters, parking and access roads, storm drainage, and landscaping. Work will be performed at Fort Sill, Oklahoma, and is expected to be completed by December 31, 1997. Contract funds will not expire at the end of the current fiscal year. There were 39 bids solicited on August 13, 1996, and four bids received. The contracting activity is the U.S. Army Corps of Engineers, Tulsa, Oklahoma (DACA56-96-C-0073).

LOGIS-TECH, Incorporated*, Alexandria, Virginia, is being awarded a first task-order amount of \$8,016, 143, which is part of a \$200,000,000 (if all options exercised) firm fixed price contract to furnish all plant labor, equipment, materials and incidental construction necessary to provide turn-key Controlled Humidity Preservation and Operational Preservation Programs to include a total package fielding hand-off at various locations throughout the United States and its territories. Work will be performed in Tennessee, Maryland, Kentucky, Wisconsin, Oregon, Iowa, Michigan, Mississippi, New York, and Guam, and is expected to be completed by September 30, 1998. Contract funds will not expire at the end of the current fiscal year. This is a sole source contract initiated on July 30, 1996. The contracting activity is the National Guard Bureau, Falls

Church, Virginia (DAHA90-96-D-0012).

J & J Maintenance, Incorporated, Austin, Texas, is being awarded an estimated \$2,522,441 increment as part of an estimated \$7,542,699 cost plus award fee contract to furnish all management, administration, personnel, data, equipment and materials to perform base operations support services; and construction jobs (not to exceed \$25,000 range on each job). Work will be performed at Fort Sherman, Republic of Panama, and is expected to be completed by December 31, 1999. Contract funds will not expire at the end of the current fiscal year. There were 53 bids solicited on May 2, 1996, and three bids were received. The contracting activity is the U.S. Army South, Republic of Panama (DAHC92-96-C-0098).

Lockheed Martin Logistics Management, Incorporated, Arlington, Texas, is being awarded \$3,216,288 as part of an \$11,315,440 cost plus award fee contract for support services to the Directorate of Logistics. Work will be performed in Fort Clayton, Republic of Panama,

and is expected to be completed by December 31, 1999. Contract funds will not expire at the end of the current fiscal year. There were 48 bids solicited on May 17, 1996, and four bids were received. The contracting activity is the U.S. Army South, Republic of Panama (DAHC92-96-C-0099).

O'Gara-Hess & Eisenhardt Armoring Company*, Fairfield, Ohio, is being awarded a \$5,985,000 modification to a firm fixed price letter contract for 133 Up Armor High Mobility Multi- purpose Wheeled Vehicles (HMMWV), XM1114. Work will be performed in Fairfield, Ohio, and is expected to be completed by February 28, 1997. Contract funds will not expire at the end of the current fiscal year. This is a sole source contract initiated on September 19, 1996. The contracting activity is the U.S. Army Tank-Automotive & Armaments Command, Warren, Michigan (DAAE07-94- C-0406).

Steward & Stevenson Services, Incorporated, Sealy, Texas, is being awarded a \$21,279,663 modification to a firm fixed price contract to exercise option of 208 Family of Medium Tactical Vehicles (FMTV). Work will be performed in Sealy, Texas, and is expected to be completed by September 30, 1997. Contract funds will not expire at the end of the current fiscal year. There were three bids solicited on September 20, 1990, and three bids received. The contracting activity is the U.S. Army Tank- Automotive & Armaments Command, Warren, Michigan (DAAE07-92-C- R001).

Operational Technologies, Incorporated*, San Antonio, Texas, is being awarded \$76,634 (estimated first delivery order) of a not-to-exceed \$10,000,000 increment, as part of a not-to-exceed \$50,000,000 (if 4 options exercised) firm fixed price contract to provide environmental services to support the National Guard throughout the United States and its territories. The work encompasses a wide range of services from preliminary assessments to management action plans and remedial designs. Work will be performed in all fifty states and U.S. held territories, and is expected to be completed by August 31, 1997. Contract funds will not expire at the end of the current fiscal year. This is a sole source contract initiated on September 11, 1996. The contracting activity is the National Guard Bureau, Falls Church, Virginia (DAHA90-96-D-0014).

Lockheed Martin Ordnance Systems, Incorporated, Burlington, Vermont, is being awarded a \$7,778,313 modification to a firm fixed price supply contract to implement mandatory technical improvements to ensure reliability and safety of M933 and M934 120mm mortar cartridges. A price reduction incorporated due to waiver of First Article Test. Work will be performed at the Milan Army Ammunition Plant, Milan, Tennessee, and is expected to be completed by December 29, 1997. Contract funds will not expire at the end of the current fiscal year. This is a sole source contract initiated on August 19, 1993. The contracting activity is the U.S. Army Armament, Munitions and Chemical Command, Rock Island, Illinois (DAAA09-93-C-0569).

Lockheed Martin Vought Systems Corporation, Grand Prairie, Texas, is being awarded a \$31,741,252 modification to a firm fixed price contract to add additional funding to previous exercise of FY96 low rate initial production (LRIP) as an unpriced contractual action, quantity of 70 Army Tactical Missile System Block 1A guided missiles and launching assemblies and warranty; and 72 Block 1 Missile Variants in support of foreign military sales requirement. Work will be performed in Dallas, Texas (98.2%), and Horizon City, Texas (1.8%),

and is expected to be completed by July 31, 1999. Contract funds will not expire at the end of the current fiscal year. This is a sole source contract initiated on October 28, 1994. The contracting activity is the U.S. Army Missile Command, Redstone Arsenal, Alabama (DAAH01-92-C-0038).

W. M. Jordan Company, Incorporated, Newport News, Virginia, is being awarded a \$10,849,000 firm fixed price contract for construction of enlisted barracks without dining facility. The project consists of one three-story barracks building clustered on two sides of a three-story Soldier Community Building. Work will be performed at Fort Eustis, Virginia, and is expected to be completed by April 30, 1998. Contract funds will not expire at the end of the current fiscal year. There were 91 bids solicited on July 17, 1996, and three bids received. The contracting activity is the U.S. Army Corps of Engineers, Norfolk, Virginia (DACA65-96-C-0094).

Compaction America, Incorporated, Kewanee, Illinois, is being awarded an estimated \$45,990,000 requirements contract giving the government the opportunity over the next five years to purchase a maximum of 160 self-propelled vibratory rollers Type I, and 487 self-propelled vibratory rollers Type II. Work will be performed in Kewanee, Illinois, and is expected to be completed by December 30, 2001. Contract funds will not expire at the end of the current fiscal year. There were 12 bids solicited on September 7, 1995, and four bids received. The contracting activity is the U.S. Army Tank-Automotive & Armaments Command, Warren, Michigan (DAAE07-96-D-X004).

Nan, Incorporated*, dba Ocean House Builders, Honolulu, Hawaii, is being awarded a \$6,834,510 firm fixed price contract for renovation of kitchens and bathrooms in family housing dwelling units. The project includes replacing kitchen base and wall cabinets, countertops, stainless steel sinks, garbage disposals, rangehoods, bathtubs, showers, water closets, lavatories, floor coverings, paint and light fixtures, as well as repair of electrical service. Work will be performed at Schofield Barracks, Oahu, Hawaii, and is expected to be completed by October 5, 1998. Contract funds will not expire at the end of the current fiscal year. There were 26 bids solicited on August 9, 1996, and one bid received. The contracting activity is the U.S. Army Corps of Engineers, Fort Shafter, Hawaii (DACA83-96-C- 0044).

Fletcher Pacific Construction Company, Ltd., Honolulu, Hawaii, is being awarded a \$13,898,000 firm fixed price contract for construction of one enlisted personnel barracks for 200 personnel. The project will include living/sleeping rooms with bath, walk-in closets, elevator, and a multi-purpose court; construction of two two-story medium company operations facilities, and construction of a temporary gravel parking lot and maintenance. Work will be performed at

Schofield Barracks, Hawaii, and is expected to be completed by September 30, 1998. Contract funds will not expire at the end of the current fiscal year. There were 245 bids solicited on August 12, 1996, and 12 bids received. The contracting activity is the U.S. Army Corps of Engineers, Fort Shafter, Hawaii (DACA83-96-C-0061).

Landmark Construction Corporation, Milwaukee, Wisconsin, is being awarded a \$5,967,000 firm fixed price contract to convert two existing permanent party dormitories into upgraded transient dormitories; 34 visitor modules for building 1172, and 31, and visitors modules for building 1166. Work will be performed at Hickam Air Force Base, Hawaii, and is expected to be completed by May 13, 1998. Contract funds will not expire at the end of the current fiscal year. There were 211 bids solicited on August 9, 1996, and ten bids received. The contracting activity is the U.S. Army Corps of Engineers, Fort Shafter, Hawaii (DACA83-96-C- 0042).

CIVIL WORKS - NON MILITARY

Stimpel-Wolbelhaus Associates, Redding, California, is being awarded a \$7,241,865 fixed price contract for excavation of a detention basin, earth fill a dam, and earth fill a dike with outlet works in Las Vegas, Nevada, with an expected completion date of October 30, 1997. Contract funds will not expire at the end of the current fiscal year. There were 100 bids solicited on August 5, 1996, and ten bids were received. The contracting activity is the U.S. Army Corps of Engineers, Los Angeles, California (DACW09-96-C-0046).

Weeks Marine, Incorporated, Camden, New Jersey, is being awarded a \$600,000 increment as part of a \$7,732,000 fixed price contract for dredging 1,600,000 cubic yards of sand and placing it on the beach at Surfside-Sunset; and excavating 140,000 cubic yards of sand at Newport Beach and placing it at another location on the beach. Work will be performed in Los Angeles**, California, and is expected to be completed by March 6, 1997. Contract funds will not expire at the end of the current fiscal year. There were 94 bids solicited on July 3, 1996, and three bids received. The contracting activity is the U.S. Army Corps of Engineers, Los Angeles, California (DACW09-96-C-0044).

NAVY

Western Data Systems, Calabasas, California, is being awarded a \$5,935,559 firm-fixed-price, indefinite-quantity time and materials type contract for manufacturing Resource Planning Commercial Off-the-Shelf Software, training, implementation support, program management, and software maintenance to support the Department of Defense depot community. Work will be performed in Calabasas, California (5%), Jacksonville, Florida (19%), Albany, Georgia (19%), Barstow, California (19%), Havelock, North Carolina (19%), and San Diego, California (19%), and is expected to be completed by September 1997. This contract was competitively procured with 48 proposals solicited and three offers received. The Contracts Directorate, Marine Corps Logistics Base, Albany, Georgia, is the contracting activity (M67004-96-D-0024).

Digital Wizards Incorporated, San Diego, California, is being awarded a \$12,694,833 indefinite-delivery, cost-plus-fixed-fee contract for engineering support services for the Systems Integration Facility/Combined Test Bed (SIF/CTB) Gateway System. The SIF/CTB is a land-based test site for testing and evaluating performance of the initial Joint Tactical Information Distribution System (JTIDS). This contract includes options which, if exercised, would bring the cumulative value of this contract \$25,821,308. Work will be performed in San Diego, California, and is expected to be completed by September 2000. Contract funds will not expire at the end of the current fiscal year. This contract was competitively procured with 119 proposals solicited and two offers received. The Naval Command Control and Ocean Surveillance Center Research Development Testing & Evaluation (RDT&E) Division, San Diego, California, is the contracting activity (N66001-96-D-0005).

Industrias Metalurgicas Pescarmona S.A.I.C.y F., c/o Impsa International, Incorporated, Pittsburgh, Pennsylvania, is being awarded an \$8,643,717 firm-fixed-price contract for 40-ton Container Cranes. The work to be performed provides for the design, fabrication, erection, shipment, and delivery of one 40-ton container crane for Naval Ordnance Center, Port Hadlock Washington, and two 40-ton container cranes for Naval Weapons Station, Concord, California. The erection of the cranes will be performed in the vicinity of Port Hadlock, Washington (75%), and Concord, California (25%), and is expected to be completed by May 1999. Contract funds will not expire at the end of the current fiscal year. This contract was competitively procured with 42 proposals solicited and five offers received. The Naval Facilities Engineering Command, Northern Division, Lester, Pennsylvania, is the contracting activity (N62472-94-C-1494).

Bechtel Environmental, Incorporated, Oak Ridge, Tennessee, is being awarded a \$1,101,339 modification to previously awarded contract N62467-93-D-0936 for environmental remedial action. The work to be performed provides for installation and operation of the bioslurping/bioventing system for Solid Waste Management Unit No. 7 at Naval Air Station, Mayport, Florida. The basic total contract included options which, if exercised would bring the cumulative value of this contract to an amount not-to-exceed \$300,000,000. Work will be performed in Mayport, Florida, and is expected to be completed by February 1997. Contract funds will not expire at the end of the current fiscal year. The Naval Facilities Engineering Command, Southern Division, North Charleston, South Carolina, is the contracting activity.

OHM Remediation Services Corporation, Aiea, Hawaii, is being awarded a \$1,776,723 modification to previously awarded contract N62742-93-D-0610 for environmental remedial action. Work to be performed provides for removal of five underground storage tanks, and related work at the Naval Computer and Telecommunications Area Master Station, Eastern Pacific, Wahiawa, and Lualualei, Hawaii. The basic contract included options which, if exercised, would bring the cumulative value of this contract to an amount not-to-exceed \$250,000,000. Work will be performed in Oahu, Hawaii, and is expected to be completed by

August 1997. Contract funds will expire at the end of the current fiscal year. This contract

was competitively procured with 317 proposals solicited and seven offers received. The Naval Facilities Engineering Command, Pacific Division, Pearl Harbor, Hawaii, is the contracting activity.

Healy Tibbitts, Incorporated, Aiea, Hawaii, is being awarded a \$21,884,000 firm-fixed-price contract for a berthing pier at the Naval Submarine Base, Pearl Harbor, Hawaii. Work provides for removal of existing piers S4-S5 and S8-S9 and adjacent small boat landing and related work at the Naval Submarine Base, Pearl Harbor, Hawaii, and is expected to be completed by August 1998. Contract funds will not expire at the end of the current fiscal year. This contract was competitively procured with 57 proposals solicited and four offers received. The Naval Facilities Engineering Command, Pacific Division, Pearl Harbor, Hawaii, is the contracting activity (N62742-94-1315).

Kalama Services, Orange, California, is being awarded a \$27,355,884 modification to previously awarded contract N62742-94- D-0519 to provide for all labor, supervision, administration, and management necessary to carry on the base operating support services under the cognizance of the Field Command Defense Special Weapons Agency at Johnston Atoll near Hawaii. Work will be performed in Johnston Atoll National Wildlife Refuge near Hawaii and is expected to be completed by September 1997. Contract funds will expire at the end of the current fiscal year. The Naval Facilities Engineering Command, Pacific Division, Pearl Harbor, Hawaii, is the contracting activity.

Carothers Construction, Incorporated, Water Valley, Mississippi, is being awarded an \$11,685,000 firm-fixed-price contract for Family Housing Units at the Naval Construction Battalion Center, Gulfport, Mississippi. Work will be performed in Gulfport, Mississippi, and is expected to be completed by October 1998. Contract funds will not expire at the end of the current fiscal year. This contract was competitively procured with 32 proposals solicited and three offers received. The Naval Facilities Engineering Command, Southern Division, North Charleston, South Carolina, is the contracting activity (N62467- 95-C-1077).

Orion Construction, Incorporated*, Houston, Texas, is being awarded a \$10,488,450 firm-fixed-price contract for construction of an Electro-Magnetic Roll (EMR) Facility at Naval Station, Ingleside, Texas. This contract includes options which, if exercised, would bring the cumulative value of this contract to \$15,488,450. Work will be performed in Ingleside, Texas, and is expected to be completed by December 1997. Contract funds will not expire at the end of the current fiscal year. This contract was competitively procured with 65 proposals solicited and four offers received. The Naval Facilities Engineering Command, Southern Division, North Charleston, South Carolina, is the contracting activity (N62467-94-0703).

John C. Grimberg, Rockville, Maryland, is being awarded a \$7,020,000 firm-fixed-price contract for renovation of a Bachelor Officers Quarters (BOQ), and renovation of an existing three- story masonry building to be occupied during construction, at the Marine Corps Base,

Quantico, Virginia. Work will be performed in Quantico, Virginia, and is expected to be completed by April 1998. Contract funds will expire at the end of the current fiscal year. This contract was competitively procured with 34 proposals solicited and seven offers received. The Engineering Field Activity Chesapeake, Naval Facilities Engineering Command, Washington, D.C., is the contracting activity (N62477-94-C-0113).

Hughes Aircraft Company, Naval and Maritime Systems, Fullerton, California, is being awarded a \$44,599,028 firm-fixed- price contract for production of AN/UYQ-21(V) Naval Tactical Data Display Systems (NTDS) equipment for various FY95/96 ships. Work will be performed in Fullerton, California (84.7%), and Hughes Aircraft Mississippi (HAMI), Forest, Mississippi (15.3%), and is expected to be completed by March 1998. Contract funds will not expire at the end of the current fiscal year. This contract was not competitively procured. The Naval Sea Systems Command, Arlington, Virginia, is the contracting activity (N00024-96-C-5167).

Tecnico Corporation, Chesapeake, Virginia, is being awarded a \$18,699,120 indefinite-quantity/indefinite-delivery, cost-plus-fixed-fee contract for support of the Fire Protection and Survival Branch of the Survivability, Structures, and Materials Directorate of the Naval Surface Warfare Center, Carderock Division, Carderock, Maryland. Work will be performed in Chesapeake, Virginia, and is expected to be completed by September 2001. Contract funds will not expire at the end of the current fiscal year. This contract was not competitively procured. The Naval Surface Warfare Center, Carderock Division, is the contracting activity (N00167-96-D-0044).

C-Cubed Corporation, Incorporated, Springfield, Virginia, is being awarded a \$6,602,874 cost-plus-fixed-fee term contract for technical and engineering support services in support of shipboard electronic communications systems, including design, development, integration, test and evaluation, installation, maintenance and logistics support. Work will be performed in Lexington Park, Maryland (90%), and St. Inigoes, Maryland (10%), and is expected to be completed by September 1997. Contract funds would not have expired at the end of the current fiscal year. This contract was competitively procured by a request for proposal with 186 proposals solicited and two offers received. The Naval Air Warfare Center, Aircraft Division, Patuxent River, Maryland, is the contracting activity (N00421-97-C-1009).

McDonnell Douglas Corporation, McDonnell Douglas Aerospace, St. Louis, Missouri, is being awarded a \$25,550,000 modification to previously awarded contract N00019-95-C-0015 to provide FY97 Acquisition Logistics in support of the F/A-18C/D Program. Work will be performed in St. Louis, Missouri (90%), and Hawthorne, California (10%), and is expected to be completed by September 1997. Contract funds would not have expired at the end of the current fiscal year. The Naval Air Systems Command, Arlington, Virginia, is the contracting activity.

McDonnell Douglas Corporation, McDonnell Douglas Aerospace, St. Louis, Missouri, is being awarded a \$21,946,460 modification to previously awarded contract N00019-95-C-0164 for: 1) the procurement, fabrication, testing, installation, delivery, and checkout of one T-45A instrument flight trainer and two operational flight trainers, including associated technical data. 2) the procurement of simulator operator/instructor and simulator operator/maintenance training courses, including associated technical data. 3) the development, installation, test and delivery of Cockpit-21 academic courseware to support the digital cockpit configuration of the simulators and aircraft associated with the T-45A Program. Work will be performed in Herndon, Virginia (78%), and St. Louis, Missouri (22%), and is expected to be completed by January 1999. Contract funds would not have expired at the end of the current fiscal year. The Naval Air Systems Command, Arlington, Virginia, is the contracting activity.

McDonnell Douglas Corporation, McDonnell Douglas Aerospace, St. Louis, Missouri, is being awarded a \$18,285,000 modification to previously awarded contract N00019-95-C-0164 for Integrated Logistics Support for the T45TS Program. Work will be performed in St. Louis, Missouri, and is expected to be completed by September 1997. Contract funds would not have expired at the end of the current fiscal year. The Naval Air Systems Command, Arlington, Virginia, is the contracting activity.

McDonnell Douglas Corporation, McDonnell Douglas Aerospace, St. Louis, Missouri, is being awarded a \$65,875,170 firm-fixed-price, cost-plus-fixed-fee contract for FY97 T45TS contractor logistics support. Work will be performed in Kingsville, Texas (90%), St. Louis, Missouri (8%), and Meridian, Mississippi (2%), and is expected to be completed by September 1997. Contract funds would not have expired at the end of the current fiscal year. This contract was not competitively procured. The Naval Air Systems Command, Arlington, Virginia, is the contracting activity (N00019-96-C-0104).

McDonnell Douglas Corporation, McDonnell Douglas Aerospace, St. Louis, Missouri, is being awarded a \$269,000,000 firm-fixed-price contract for the FY 97 production buy of 12 T-45 Training Systems (T45TSs) involving 12 T-45A Goshawk aircraft, two operational flight trainers, academic materials, integrated logistics support activities, and ground training system support, planning, integration, and related analysis and

associated technical data. Work will be performed in St. Louis, Missouri (70%), and Salmesbury, United Kingdom (30%), and is expected to be completed by September 1999. Contract funds would not have expired at the end of the current fiscal year. This contract was not competitively procured. The Naval Air Systems Command, Arlington, Virginia, is the contracting activity (N00019-96-C- 0029).

McDonnell Douglas Corporation, St. Louis, Missouri, is being awarded a \$200,000,000 firm-fixed-price contract for the remanufacture of up to 12 AV-8B Harrier II Plus aircraft, including integrated logistics support and associated technical data. This contract includes options, which, if exercised, would bring the cumulative value of this contract to \$574,000,000. Work will be performed in St. Louis, Missouri (70%), and Salmesbury, United Kingdom (30%),

and is expected to be completed by September 1999. Contract funds would not have expired at the end of the current fiscal year. This contract was not competitively procured. The Naval Air Systems Command, Arlington, Virginia, is the contracting activity (N00019-96-C-0025).

Northrop Grumman Aerospace Corporation, Bethpage, New York, is being awarded a \$21,850,000 for the low rate initial production of four mission computers for an engineering change proposal to upgrade Group II E-2C aircraft to support MCU operational evaluation. Work will be performed in Bethpage, New York (60%), and St. Augustine, Florida (40%), and is expected to be completed by January 1998. Contract funds would not have expired at the end of the current fiscal year. This contract was not competitively procured. The Naval Air Systems Command, Arlington, Virginia, is the contracting activity (N00019-96-C-0102).

Management Technology, ManTech Systems Engineering Corporation, Non-Training Division, Lexington Park, Maryland, is being awarded a \$5,650,255 cost-plus-fixed-fee contract for reliability and maintainability engineering and technical services in support of naval aircraft, including carrier-based tactical aircraft, shipboard capable vertical/short takeoff and landing aircraft, maritime support, unmanned aircraft, tactical weapons systems, support systems and equipment, and aircraft launch and recovery equipment. Work will be performed in Lexington Park, Maryland, and is expected to be completed by September 1997. Contract funds would not have expired at the end of the current fiscal year. This contract was competitively procured with 95 proposals solicited and one offer received. The Naval Air Warfare Center, Aircraft Division, Patuxent River, Maryland, is the contracting activity (N00421-96-C-5289).

Under a single procurement, four companies are being awarded time and material, indefinite-delivery/indefinite-quantity contracts for software and non-software technical support services in support of the Defense Finance and Accounting Service - Financial Systems Organization, Defense Financial Integrated Systems Services. The companies are as follows: Electronic Data Systems Corporation, Herndon, Virginia, N00244-96-D-8055, for \$24,236,130. The base contract and options, if exercise, will bring the cumulative value of the contract to \$113,201,969. Computer Sciences Corporation, Moorestown, New Jersey, N00244-96-D-8018, for \$24,260,948. The base contract and options, if exercised, will bring the cumulative value of the contract to \$113,371,861. Lockheed Martin Federal Systems, Incorporated, Owego, New York, N00244-96-D-8056, for \$25,510,769. The base contract and options, if exercised, will bring the cumulative value of the contract to \$121,281,900. Boeing Information Services, Incorporated, Vienna, Virginia, N00244-96-D-8057, for \$33,085,935. The base contract and options, if exercised, will bring the cumulative value of the contract to \$160,245,395. Work will be performed in Indianapolis, Indiana (24%), Columbus, Ohio (24%), Pensacola, Florida (12%), Kansas City, Missouri (10%), Denver, Colorado (10%), Cleveland, Ohio (10%), and the remainder (10%) in Herndon, Virginia; Moorestown, New Jersey; Owego, New York; and Vienna, Virginia. The contract is expected to be completed by September 1997. The contract funds will not expire at the end of the current fiscal year. This contract was competitively procured with 340 proposals solicited and four offers received. The Fleet and Industrial Supply Center, San Diego, California, is the contracting activity (N00244-96-R- 8018).

Interpool Incorporated, Princeton, New Jersey, is being awarded a \$5,222,800 firm-fixed-price contract for 1,100 International Standards Organization side-opening, 20-foot cargo containers. This contract contains options which, if exercised, will bring the cumulative total to \$9,518,500. Work will be performed in Turkey, and

is expected to be completed by April 1997. Contract funds will expire at the end of the current fiscal year. This contract was competitively procured with 20 proposals solicited and 11 offer received. The U.S. Navy's Military Sealift Command, Washington, DC, is the contracting activity (N62387-96-9670).

AIR FORCE

Lockheed Martin Tactical Systems Company, Syosset, New York, is being awarded a \$20,214,145 firm fixed price contract to provide for design, fabrication, integration, and test of one Theater Airborne Reconnaissance System (TARS) sensor pods and one Squadron Ground Station applicable thereto. Contract is expected to be completed September 1998. Contract funds will not expire at the end of the current fiscal year. There were 31 firms solicited and 2 proposals received. Solicitation began May 1996 and negotiations were completed July 1996. Aeronautical Systems Center, Wright-Patterson Air Force Base, Ohio, is the contracting activity (F33657-96/C-6502).

Lockheed Martin Tactical Defense Systems, Litchfield Park, Arizona, is being awarded a \$180,897,254 firm fixed price contract to provide for integration of sensor equipment into four Hawker 800 aircraft to allow the aircraft to perform reconnaissance missions. This effort also includes one fixed and two mobile ground stations applicable thereto. Contract is expected to be completed September 1999. Contract funds will not expire at the end of the current fiscal year. This effort supports foreign military sales to the Republic of Korea. Aeronautical Systems Center, Wright-Patterson Air Force Base, Ohio, is the contracting activity (F33657-96/C-2063).

Northrop Grumman Corporation, Baltimore, Maryland, is being awarded a \$14,991,995 fixed price labor hour contract to provide for refurbishment of up to seven radar systems for United States Southern Command's Counterdrug Support Program. Contract is expected to be completed August 1997. Contract funds will not expire at the end of the current fiscal year. There was one firm solicited and one proposal received. Solicitation began August 1996 and negotiations were completed September 1996. Electronic Systems Center, Hanscom AFB, Massachusetts is the contracting activity (F19628-96/D-0070).

McDonnell Douglas Corporation, St. Louis, Missouri, is being awarded a \$15,734,739 face value increase to a firm fixed price contract to provide for FY1997 post-production support for the F-15 aircraft. Contract is expected to be completed September 1997. Contract funds will not expire at the end of the current fiscal year. Approximately 17% of this effort supports foreign military sales to Israel and Saudi Arabia. Aeronautical Systems Center, Wright-Patterson Air Force Base, Ohio, is the contracting activity (F33657-95/C-2007, P00007).

ITT Federal Services Corporation, Colorado Springs, Colorado, is being awarded a \$13,823,146 cost plus award fee contract to provide for FY 1997 base maintenance services for Rhein-Main Air Base, Germany. These services include civil engineering, custodial, vehicle maintenance and management, program and traffic management, lodging, fuels, and ground equipment and transient alert maintenance. The work will be performed by ITT Federal Services International Corporation, Rhein Main Air Base, Germany. Contract is expected to be completed September 1997. Contract funds will not expire at the end of the current fiscal year. The 469 ABG, Rhein-Main Air Base, Germany, is the contracting activity (F61521-95/C-5000, A00059).

Kaman Sciences Corporation, Colorado Springs, Colorado, is being awarded a \$22,108,754 task order cost plus award fee contract to provide for FY 1997 Mission Software Support services for Cheyenne Mountain Air Station, Colorado. Contract is expected to be completed September 1997. Contract funds will not expire at the end of the current fiscal year. There were 46 firms solicited and 2 proposals received. Solicitation began March 1996 and negotiations were completed August 1996. The 21st Space Wing, Peterson Air Force Base, Colorado, is the contracting activity (F05604-97/D-9002).

United Technologies Corporation, West Palm Beach, Florida, is being awarded a \$31,650,000 firm fixed price contract to provide for repair, modification, and upgrade of 20 F100-PW-200 engines to the F100-PW-220 E configuration in support of the F-16 aircraft. The work will be performed at United Technologies Corporation's facility in San Antonio, Texas. Contract is expected to be completed January 1998. Contract funds will not

expire at the end of the current fiscal year. There was one firm solicited and one proposal received. Solicitation began April 1996 and negotiations were completed September 1996. San Antonio Air Logistics Center, Kelly Air Force Base, Texas, is the contracting activity (F41608-96/C-1046).

Science Application International Corporation, Reston, Virginia, is being awarded a \$16,757,025 firm fixed price contract to provide for Cycle 5 of the Air Force Health Study. This effort is an epidemiological study of approximately 2200 Air Force Ranch Hand participants involved in the delivery of Agent Orange during the Vietnam War. The work will be performed at Science Applications International Corporation, Reston Virginia (51%), the Scripps Clinic, La Jolla, California (40%), and other locations. Contract funds will not expire at the end of the current fiscal year. There was one firm solicited and one proposal received. Solicitation began July 1996 and negotiations were completed September 1996. Human Systems Center, Brooks Air Force Base, Texas, is the contracting activity (F41624-96/C- 1012).

Boeing Aerospace and Electronics, Seattle, Washington, is being awarded a \$13,659,529 cost plus award fee contract to provide for FY 1997 engineering and technical services in support of the Peacekeeper and Minuteman Intercontinental Ballistic Missile Systems. The work will be performed at Boeing Aerospace and Electronics, Sunset, Utah, Contract is expected to be completed September 2001. Contract funds will not expire at the end of the current fiscal year.

There was one firm solicited and one proposal received. Solicitation began April 1996 and negotiations were completed September 1996. Ogden Air Logistics Center, Hill Air Force Base, Utah, is the contracting activity (F42610-96/C-0043).

M.A. Mortenson, Colorado Springs, Colorado, is being awarded a \$8,679,000 firm fixed price contract to provide for construction of an addition to and alteration of the commissary at Fort Carson, Colorado. Contract is expected to be completed December 1997. Contract funds will not expire at the end of the current fiscal year. There were 57 firms solicited and 5 proposals received. Solicitation began July 1996 and negotiations were completed September 1996. Air Education and Training Command, Randolph AFB, Texas, is the contracting activity (F41689-96/C-0258).
