Veterans Haven

The Transitional Housing Program for homeless veterans occupies one large building on state property in Winslow Township. The program is divided into three phases: treatment; self-reclamation; and community reintegration. Each phase lasts three to six months and is tailored to individual treatment needs and vocational interests.

Eligible veterans are referred from a VA Medical Center after receiving a medical evaluation. To be admitted into the program, the veteran must agree to a long-term program focusing on psychological, social and vocational rehabilitation. The program is drug and alcohol free, and has a staff comprised of professionals in the fields of mental health, addictions, social work, vocational rehabilitation and nursing.

New Jersey Employment Benefits

Veterans Preference and Pension Status

NJ Department of Military and Veterans Affairs is the agency to determine veterans preference for hiring in New Jersey civil service and veterans status for New Jersey civil service pension plans.

Veterans Preference for Hiring in New Jersey Civil Service

The NJ Department of Military and Veterans Affairs is the agency that determines veterans preference for hiring in New Jersey civil service and veteran status for New Jersey civil service pension plans.

Veterans Preference for Hiring in New Jersey Civil Service: War period veterans who pass state civil service examinations are given absolute preference over non-veterans when applying for state, county and municipal employment. Absolute preference is not extended to promotions, but if a veteran ranks highest on a promotional certification, a non-veteran cannot be offered the appointment before the veteran. Veterans with service-connected disabilities (at least 10%) who pass civil service examinations are given preference over other veterans and non-veterans for state, county and municipal employment.

Veterans Status for Civil Service and Pension Plans

A pension is available to qualified veterans. To qualify, a veteran must apply for veterans status for civil service pension plans after employment and must be in active employment until the effective date of retirement. These benefits cannot be deferred. Veterans who continue in employment covered by Public Employees' Retirement System (PERS) until they are at least age 60 with 20 or more years of service credit are entitled to an annual benefit equal to one-half of the salary on which pension contributions were made in any consecutive 12-month period which would provide the largest possible benefit to the member.

Veterans who are at least age 55 with 35 or more years of service credit are entitled to an annual allowance based on the following formula: Years of Service divided by 55, multiplied by the last 12 months salary, which yields the Maximum Annual Allowance. Veterans benefits cannot be deferred and members must meet all the requirements to qualify. Veteran members may retire on the same basis as non-veteran members if it would result in a higher benefit.

Other Civil Service Benefits for Veterans Preference

The following are other civil service benefits for veterans preference:

- Appointment of veterans
- Application of statutes to promotions
- Preference in appointment in noncompetitive division
- Preference to veterans in layoffs
- Hearing on dismissal of veterans
- Veterans not to be discriminated against because of physical defects
