A quarter century ago, the Florida Legislature established the Sadowski Affordable Housing Trust Fund, which takes revenue generated through doc stamp taxes — the tax on documents such as real estate titles — and saves it for assisting with affordable housing. But beginning in 2003, the Legislature began simply taking money out of the trust fund and using it to shore up the budget. The process accelerated during the Great Recession, and recovery has not put a stop to it.

This year, the doc stamp taxes generated about \$292 million for affordable housing trust funds, but more than \$130 million of that was moved to general revenue to balance the budget. This has happened every year since 2003, even as the Legislature has passed tax cut after tax cut.

The largest sweep came in 2008-09, when \$220 million went into the trust fund, but the Legislature took \$250 million out of it, cannibalizing not only the entire amount but also raiding money that was already in the fund.

DAV OFFICIAL MISSION STATEMENT

We are dedicated to a single purpose: empowering veterans to lead high-quality lives with respect and dignity. We accomplish this by ensuring that veterans and their families can access the full range of benefits available to them; fighting for the interests of America's injured heroes on Capitol Hill; and educating the public about the great sacrifices and needs of veterans transitioning back to civilian life.

- Providing free, professional assistance to veterans and their families in obtaining benefits and services earned through military service and provided by the Department of Veterans Affairs (VA) and other agencies of government.
- Providing outreach concerning its program services to the American people generally, and to disabled veterans and their families specifically.
- Representing the interests of disabled veterans, their families, their widowed spouses and their orphans before Congress, the White House and the Judicial Branch, as well as state and local government.
- Extending DAV's mission of hope into the communities where these veterans and their families live through a network of state-level Departments and local Chapters.
- Providing a structure through which disabled veterans can express their compassion for their fellow veterans through a variety of volunteer programs.
