MEMORANDUM FOR THE RECORD

19 April 1978

SUBJECT: Dioxin

Received a telephone call this date from Pat Bragg, Surgeon General's office, reference statement on dioxin to be used by OASD/PA in reply to query - Following is text of the statement:

The Air Force is working with the Veterans Administration concerning the allegations of problems resulting from exposure to dioxin. We have been advised that there has been a small number of claims all generating from one VA office. There does not appear to be any valid relationship between the symptoms reported and exposure to dioxin in Southeast Asia. We will continue to work with VA on a resolution of these allegations.
